

## FIRE**DAY**WORKS

We generally associate fireworks with the night. Fire**DAY**works flips this connotation by embracing natural morning light through a sustainable approach.

An eco-friendly display with vibrant colours provoking the senses and offering an spectacle for all ages.

After the show, all materials, from organic pigments, biodegradable balloons and soil, are repurposed and recycled - leaving no trace but memories.

A magical experience with an environmentally fire-endly and impactful extravaganza.

*Somewhere...someone is having fun with balloons*
